StarNet Technologies LLC Service Agreement
No Commitment

If you are already a client, we hope that you will consider choosing one of the other agreements. We highly value our relationship. Please contact us. Let's chat.

If you wish to continue without a labor rate reduction agreement, please see the details below.

Companies that decline one of the other service agreements but wish to keep a relationship with StarNet Technologies will pay an annual fee of $1,000 each January 1st to cover maintenance, security, backup, and documentation; they will not receive a labor discount or labor rate freeze.

Companies that decline one of the other service agreements and refuse the $1,000/year charge will be removed from our system, and client data will be returned securely; clients will bear full responsibility for data security and retention.

Companies that choose to hire StarNet Technologies for ad hoc functions will be billed as negotiated, and any data or credentials will be transferred securely and immediately. StarNet will not keep any data or credentials, and clients will be fully responsible for security and retention of the data or credentials.

If you wish forego one of the other agreements and receive an invoice for $1,000 for 2027, please send an email to Billing@GoStarNet.com.
